

**Port of Shelton
Professional Services Roster**

Submittal Date: December 28, 2010

Architectural & Engineering Services

Pursuant to RCW 39.80, the Port of Shelton gives notice of its projected requirements for the period of January 1, 2010 to December 31, 2010 for the following categories and/or types of professional services.

1. Architectural
2. Civil Engineering
3. Geotechnical Engineering
4. Environmental Engineering
5. Testing
6. Real Estate
7. Surveying
8. Economic Development
9. Land Use Planning including Aviation, Marina and Rail

Many of the above-listed services overlap within a particular project. The above descriptions are brief and include unmentioned but necessary related aspects of the individual projects.

The Port intends to enter into competitive negotiations for these services as necessary to complete administrative, capital projects and planning functions. One or more consultants as required may be selected as needed for the completion of each project.

All firms wishing to be considered to supply services January 1, 2010 through December 31, 2010, must submit a Professional Services Roster Questionnaire (Questionnaire), a Statement of Qualifications (SOQ) as well as a listing of work performed in any of the above-listed items to the Port of Shelton. Questionnaires and/or SOQ received prior to this publication do not insure eligibility. Please submit your Questionnaire and SOQ to:

Port of Shelton
21 W Sanderson Way
Shelton WA 98584
or fax to: (360) 427-0231

The Professional Services Roster Questionnaire is available under Downloads at our website: www.portofshelton.com.

If you do not have internet access, and would like to have the information forwarded to you via facsimile transmission or by mail, please contact Brandon Palmer, Port of Shelton, 21 W Sanderson Way, Shelton, WA 98584, (360) 426-1151. Questions may be submitted via email to brandonp@portofshelton.com. Firms certified as Minority or Women's Business Enterprises are encouraged to enroll.

Inclusion in the Port file will in no way prequalify the firms for a specific assignment. The material will be used by the Port as an information resource in its selection process.

DATED this 28th day of December 2010.

Brandon Palmer
Engineering Technician
